<https://my-portfolio-theta-green-22.vercel.app>

Third-year **Information Technology** undergraduate at the **University of Moratuwa** seeking a **Software Engineering Internship**. Experienced in building full-stack web applications using **React, Next.js, Node.js, Java, Springboot** and **PostgreSQL**. Comfortable owning features end-to-end from database schema to UI, with a strong interest in **DevOps, cloud computing, and cybersecurity**.

- React / Next.js
- JavaScript / TypeScript
- HTML5 / CSS3 / Tailwind
- Git / GitHub Actions (CI)
- Python
- Postman (API Testing)
- REST APIs / Serverless
- JWT Authentication
- Java / Springboot
- AWS
- MySQL / PostgreSQL
- Figma

EDUCATION | CERTIFICATIONS

B.Sc. (Hons), Information Technology | University of Moratuwa (Moratuwa, Sri Lanka) 2024 – Present (Expected 2028)
CGPA: 3.44 / 4.00

Relevant Coursework: Data Structures & Algorithms | Object Oriented Programming | Database Management | Software Engineering | Computer Networks | Statistics

Diploma in English Language, University of Sabaragamuwa CODL (Sri Lanka) 2023 -2024

St.Joseph's college Bandarawela, G.C.E. Advanced Level – Physical Science Stream (Chemistry: A, Physics: C, Combined Mathematics: B) | (Badulla, Sri Lanka) 2022

Certifications, AWS Cloud Practitioner Essentials | AWS (*In Progress*)

TECHNICAL EXPERIENCE

UNIVERSAL DOCUMENT MANAGEMENT SYSTEM FOR ERP INTEGRATION | Full-Stack Developer 2026

- Built a full-stack **universal DMS** designed to integrate with ERP systems, enabling centralised document upload, storage, search, and management.
- Developed **REST APIs** and a Next.js interface for document upload, metadata and tag management, advanced search, and document retrieval.
- Implemented **document versioning** and an asynchronous **OCR processing pipeline** using Tesseract OCR and Apache PDFBox to make uploaded and scanned documents searchable.
- Designed a **hybrid ERP-DMS architecture** that separates ERP business operations from specialised document management while supporting integration through APIs.
- **Technologies:** Next.js, TypeScript, React, Spring Boot, Java, PostgreSQL, REST APIs, Tesseract OCR, Apache PDFBox, Zustand, Tailwind CSS

TODO WEB APPLICATION | Full-Stack Developer 2025

- Designed and developed a full-stack **Todo Management Web Application** that allows users to create, view, update, complete, and delete tasks through an intuitive and responsive user interface.
- Built the frontend using **Next.js, React, and TypeScript**, creating reusable UI components and responsive interfaces for efficient task management.
- Developed RESTful backend APIs using **Spring Boot and Java** to handle task-related operations and implement complete **CRUD functionality**.
- Integrated **PostgreSQL** for persistent data storage and designed the database structure to manage task information efficiently.
- Connected the frontend and backend through **REST APIs**, handling client-server communication and dynamic updates to task data.

- Implemented task management features such as task creation, editing, deletion, completion status tracking, and task listing.
- **Technologies:** Next.js, React, TypeScript, Tailwind CSS, Spring Boot, Java, PostgreSQL, REST APIs, Git, GitHub

CRICKET MANAGEMENT & COMMUNITY WEB APPLICATION | Full-Stack Developer 2026 – PRESENT

- Developing a **full-stack Cricket Management and Community Web Application** using **Next.js, React, TypeScript, and Spring Boot**, providing a centralized platform for managing players, teams, matches, scores, and cricket-related activities.
- Developing web features for **player profiles, team management, match fixtures, results, live scores, scorecards, and player performance statistics** through a responsive and user-friendly interface.
- Designing a **scalable web architecture** with reusable React components and modular frontend and backend services to support future feature expansion.
- Developing **RESTful APIs using Spring Boot and Java** to manage cricket-related data, business logic, authentication, matches, teams, players, and scoring workflows.
- Integrating the Next.js frontend with Spring Boot backend services through **REST APIs** and using **PostgreSQL** for persistent data management.
- Implementing the architecture to support **real-time live score updates, player performance analytics, notifications, cricket community features, and match-related updates**.
- **Technologies:** Next.js, React, TypeScript, Spring Boot, Java, PostgreSQL, REST APIs, WebSocket, Git, GitHub

WORK EXPERIENCE

PEOPLE'S BANK – MAIN BRANCH, BANDARAWELA | Trainee SEP 2023 – FEB 2024

- Served customers at the **loan section**, handling day-to-day customers CRIB reports and processing them accurately under time pressure in a live branch environment.
- Interacted directly with customers to clarify requests, explain banking services, and resolve loan queries.

LEADERSHIP & ACTIVITIES

UNIVERSITY OF MORATUWA CRICKET TEAM | **University Coloursman 2025 & 2026**. Awarded University Colours in recognition of contributions and performance representing the University of Moratuwa Cricket Team.

ST. JOSEPH'S COLLEGE, BANDARAWELA | **Under-19 Cricket Captain 2023**. Led the Under-19 Cricket Team, demonstrating leadership, strategic thinking, teamwork, and player motivation.

HACKATHONS

- **MoraXtreme 10.0** - participant
